Dear Deputy Prime Minister,

I write on behalf of the Brisbane Flight Path Community Alliance (BFPCA). They have shared with me the results from their finalised BFPCA Community Survey of more than 2,000 Brisbane households impacted by aircraft noise, including my own constituents in Griffith.

The full survey report can be found here: [BFPCA Survey Report March 2021 v2](#)

BFPCA have told me that the survey report highlights the extent of the impact that noise pollution has had on the community since the opening of Brisbane Airport Corporation's Second Runway.

The BFPCA Community Survey outlines that:

- the noise pollution the community is experiencing has adversely affected their well-being, and the liveability of their suburbs;
- the community believe they were not properly informed or consulted;
- the noise impact that the community is experiencing is well beyond the levels anticipated; and
- this points to systematic and compounding deficiencies of Airservices and Brisbane Airport Corporation in fulfilling its core consultation obligations.

I note that I have previously written to you on this issue. To assist BFPCA, and my constituents, I request that you:

- consider the findings of this survey; and
- outline the steps you will take to manage and respond to these findings.

I understand that BFPCA have also made a submission to the Aircraft Noise Ombudsman.
